POLICY STATEMENT

Pediatric oral care services listed in this policy are covered as part of the member's medical coverage for children from the ages of 0 up to child's 19th birthday when the benefit plan includes coverage for essential health benefits

No coverage is available under the member's medical coverage for services not listed in this policy. These procedures would be considered not covered and are the member's responsibility up to the dentist's charge.

Orthodontic Services

Orthodontic services are not covered for:

- o Repair of damaged orthodontic appliances
- o Replacement of lost or missing appliances
- o Services to alter vertical dimension and/or restore or maintain the occlusion, such as procedures that include, but are not limited to, equilibration, periodontal splinting, full mouth rehabilitation and restoration for misalignment of teeth.

If a member has started orthodontic treatment with coverage by another carrier, or no insurance coverage at all, and the treatment meets BCBSRI medical criteria for coverage, the benefit maximum for orthodontic services will be prorated according to the length of time remaining in the treatment plan. *Example:* The member has completed 12 months of a 24-month orthodontic treatment plan before becoming enrolled. BCBSRI will pay 50% (12 months remaining/24 months total) of the allowable fee towards the orthodontic treatment.

For members who began orthodontic treatment with coverage under a BCBSRI dental plan and transitioned to the Pediatric Dental Benefit without coverage disruption, orthodontic payments will be made in accordance with the terms of the plan that was in place when treatment began. Should additional orthodontic benefits be requested, the dental necessity criteria for coverage under the EHB-Pediatric Dental Benefit must be met. Payment will never exceed the Blue Cross Dental allowance for treatment rendered.

COVERAGE

Benefits may vary between groups/contracts. Please refer to the appropriate Benefit Booklet or Subscriber Agreement for applicable pediatric dental benefits/coverage.

BACKGROUND

Effective January 1, 2014, Qualified Health Plans (QHPs) are required to cover Essential Health Benefits (EHBs), as defined in Section 1302(b) of the Patient Protection and Affordable Care Act. Pediatric Services including oral and vision care has been defined as essential Health Benefits. This policy defines the oral care services that will be covered for members from the ages of 0 up to the members 19th birthday. As groups renew in 2014, most benefit plans will need to include these EHBs (some exceptions may apply to certain large groups; consult your Subscriber Agreement or Benefit Booklet for details).

CODING

Claims are filed on CDT forms and if approved, will be processed under the member's medical benefit.

The following is a list of the services that are covered. Please note that there are multiple tabs on the attached spreadsheet. Also, some of the services require dental consultant review.

This medical policy is made available to you for informational purposes only. It is not a guarantee of payment or a substitute for your medical judgment in the treatment of your patients. Benefits and eligibility are determined by the member's subscriber agreement or member certificate and/or the employer agreement, and those documents will supersede the provisions of this medical policy. For information on member-specific benefits, call the provider call center. If you provide services to a member which are determined to not be medically necessary (or in some cases medically necessary services which are non-covered benefits), you may not charge the member for the services unless you have informed the member and they have agreed in writing in advance to continue with the treatment at their own expense. Please refer to your participation agreement(s) for the applicable provisions.
